M. C. RUSSELL CO.

FRIDAY IS PARAMOUNT DAY! Jesse L. Lasky Presents the BLANCH SWEET in "THE RAGAMUFFIN" WASHINGTON THEATER

ATTENTION, BREEDERS.

The Ledger Printery is better prepared than ever to make your Horse and Jack Bills and Cards. Prices reasonable.

A survey of the school situation in this county will be made this week by Rural School Supervisors T. J. Cones and F. C. Button. A report of the cost of school improvements needed in the county will be made by them to the county board of education.

HERMETICALLY SEALED

Were the Business Houses of Winchester Sunday, and the Howl Went Up To High Heaven.

Winchester did Sunday what numerous people claimed could not be done—closed up, and closed up right, not even a scent of soda water, ice cream, cigars or anything else could be gotten, the drugstores only filling three prescriptions.

Along with the white folks taking the day off came this agitation among the colored folks, which is all right: "At the meeting of the Sunday school of the Highland Street Baptist church (colored) Sunday morning, an agitation was started looking to petitioning of the people of Winchester who employ colored cooks, to allow their employees to get off from work Sunday that they may be permitted to attend Sunday school and church. Marshall Bates, colored, talked on the subject, and while no definite action was taken, it is believed the matter will be carried still further. It was the unanimous opinion of the colored people that a step in this direction would be a proper move."

A call to the pastorate of the Central Baptist church at Winchester has been extended to Dr. R. L. Motley of West Point, Miss. This church is one of the most active in the city and is doing a wonderful good. It has had a sad experience in the past, as two pastors, Rev. G. W. Shepherd and Rev. G. W. Perryman, each died after only a year's service.

GEORGE IS SOME HUNTER.

Tuesday night Motorman George Hunt, Jr., of the Street Railway Company, staged a stunt new in the annals of Maysville Hunting history. George was on his 9:15 run from the car barn east to the end of the line, when about Dieterich's Lane two rabbits started across the track. One bunny reached the other side safely but the other was slower and seeing that it could not make it across the track, started out in front of the car. The car, however, was too fast for Br'er Rabbit and after a few hundred feet overtook it, cutting it in twain. We will vouch for the veracity of this story as George is a sober, industrious lad.

If it is true, as one fashion authority insists, that "even lower neck dresses than hitherto will be in vogue when the forthcoming heated season opens," all we have to say is that we are tired of winter right now.

Weather data shows that March had the lowest mean temperature in thirty years, and part of it was so darned mean it was hardly fit for publication.

ADVERTISED LETTERS.

List of unclaimed letters in the Maysville postoffice week ending on March 29:

Durham, Walter.
Francis, G. E.
Young, Mrs. Martha.
Woods, K. S.
Carpenter, K. S.

SEED CORN

Directions For Accurate Way of Testing That Will Be of Interest To the Farmers.

(Weekly Farm Bulletin.)

When we find by inspection that an apparently excellent cornfield has, in reality, only 75 per cent of a perfect stand, we realize that in a twenty-acre field we are owning and operating five acres for absolutely nothing except the pleasure of the work.

The test is simple and easy. The testing box is good, but a rag tester is less burdensome and just as good.

Take a piece of ordinary white cotton and run with a heavy pencil. Make the squares 1½ and 2 inches and number consecutively. Then wet the cloth. Tag each ear with corresponding numbers by means of a bit of pasteboard stuck by a shingle nail to the butt of the cob. Extract from ear six kernels, two near top, two near butt, and two from opposite sides. Place grains on square corresponding to number of ear. Fold over the flaps of the cloth and roll up and tie. Several of these "rag dolls" may be tied together in a bundle, a rag wick tied in the center of bundle and the whole placed on a board across a vessel of water. The wick will keep bundle moist.

After a week at favorable temperature the rolls are opened and examined. Discard from the seed bin any ears that do not show six strongly germinated kernels.

\$8,611,502 TO PAY FOR MEXICAN INVASION APPROPRIATED BY CONGRESS.

Washington, March 29.—Diplomatic and domestic aspects of the Mexican problem overshadowed its military side here last night, official reports from General Funston disclosing no change in the situation on the border or in Mexico. Congress rushed through an emergency appropriation of \$8,611,502 to pay for the pursuit of the bandits, and the State Department prepared to press General Carranza for permission to use Mexican railways to solve the troop supply problem.

Fears expressed in press reports from the border that failure to obtain use of the railroads might seriously hamper the pursuit of Villa were not reflected at either the State or War Departments. Senator Gallinger, Republican leader in the Senate, presented to Secretary Baker a telegram from Senator Fall at El Paso, dealing with the railway and border questions. It declared shipments of gasoline intended for the American forces in Mexico were being held up by Carranza officials and that there was great uneasiness in El Paso.

HIGH PRICES FOR MEAT ANIMALS.

Washington, March 29.—Prices of meat animals—hogs, cattle, sheep and chickens—were 16.4 per cent higher on March 15 than they were on that date a year ago and 15.7 per cent higher than the average of the last six years on March 15. A report of the Department of Agriculture says the level of prices paid to producers of the country for meat animals increased 8.4 per cent from February 15 to March 15 of this year, compared with an average increase of 3.1 per cent in the same period of the last six years.

Prices paid for hogs showed an increase of \$1.53 per 100 pounds over March 15 a year ago and 43 cents over the average of the last six years; beef cattle increased 45 cents over last year and 98 cents over the six-year average, and sheep increased 99 cents over last year and \$1.47 over the six-year average.

BRANDEIS SCORED IN HOT STATEMENT BY HIS OPPONENTS.

Washington, March 29.—The organized opposition to the appointment of Louis D. Brandeis to the Supreme Court yesterday afternoon filed a brief with the Senate Judiciary Committee, reviewing the testimony recently given against Brandeis at hearings of a subcommittee. The brief asserts that it was proved:

First, that Brandeis violated all established canons of professional ethics.

Second, that in the course of performance of professional duties Brandeis made false and misleading statements and has been guilty of duplicity.

Third, that Brandeis represented interests opposed to the public welfare and has been guilty of sharp practices.

QUARTER MILLION MEN NEEDED.

Washington, March 29.—A navy with a quarter of a million men would be needed by the United States in time of war, Assistant Secretary Roosevelt yesterday told the House Naval Committee. England's navy force had been trebled since the war, he said, and added that the United States would probably need as large an increase in a war. He gave it as his opinion that the United States navy was not sufficient to cope with a first-class power if the American policy were to protect all its coasts and possessions and relations with Pan-American countries.

SHOOTS WIFE AND SELF.

Carlisle, Ky., March 29.—Following a quarrel at their home here last night Guy Linville, 35 years old, a painter, shot and instantly killed his wife, Mollie Linville, and then turned the weapon upon himself. Linville will probably die. The bullet which struck Mrs. Linville pierced her heart. Linville shot himself through the stomach. Anticipating his own death he gave a statement to the police in which he claimed his wife had threatened to leave him.

A MERCILESS JUDGE

One Who Shows No Favor.

A merciless judge is Father Time. Before him the weak and wanting go to the wall. Only the truth can stand. For years the following statement from a Maysville resident has withstood this sternest of all tests.

Frederick Dresel, tailor, 1238 E. Second St., Maysville, says: "I was troubled with inflammation of the bladder and an annoyance from my kidneys. The passages of the kidney secretions were irregular and I had a severe pain across the small of my back which interfered with my duties. When a friend advised me to try Doan's Kidney Pills, I got a box at Wood & Son's Drug Store. They gave me prompt relief."

OVER THREE YEARS LATER

Mr. Dresel said: "Since I used Doan's Kidney Pills, I have not had any kidney trouble nor have I had to take a kidney medicine in that time."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Dresel has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

Prof. R. Dean Squires of Carlisle, a native of Bourbon county, has been re-elected superintendent of the Carlisle city schools by the city board of education. Prof. Squires has held this position for several years.

Ami Dorsey, about 70 years old, died Monday morning at his home in Paris. He had been in declining health for some time. He had been the caretaker of the Christian church since its erection in 1902.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Hudson Super-Six

Hasty Buying May Mean Long Regrets

If you can't get a Super-Six today—wait for it. Don't be persuaded into buying an inferior car. Don't allow your good judgment to be tampered by a clever salesman. Don't be hasty in buying, or you may be a long, long time regretting.

There is a wonderful new principle embodied in the Super-Six motor. How marvelous that discovery is you will never realize until after you have owned and driven your own car. There is no "bunk," no "hot air," no misrepresentation of any kind in the car, in the advertising, in the dealer's statement.

The Super-Six is just what we say. It does just what we say. It has proved to the satisfaction of American Automobile Association officials, and scores of prominent engineers to be everything that we claim.

But—you can not enjoy the advantages that are waiting for your acceptance if you rush hastily into the purchase of an ordinary car rather than wait a few days, or weeks, for your Super-Six.

The spring buyer is eager for his new car. He thinks he can not wait. But if he gets it during the months of snow, mud, bad weather and bad roads he can do little with it. How much better to drive the old car—or none—and get delivery of his Super-Six all bright, beautiful, and fresh at a time when roads are good, weather is settled, and he can enjoy his new car to the full.

The Super-Six is worth waiting for. You never can know how well worth it until after you drive it. If you give up the Super-Six hastily, carelessly, without thoroughly understanding what you are missing, you'll have some long, long regrets ahead of you.

Call and see us about this car.
